MEMORANDUM FOR: See Distribution

FROM: John M. Ray
Director of Logistics

25X1 SUBJECT: Ogden-Allied Tiger Team, Logistics Support [redacted]

25X1 1. The Office of Logistics has established a "Tiger Team" to perform construction in Agency-occupied space overseas. The team consists of select members from Ogden-Allied, the resident facility contractor for the Headquarters Building Complex. This new support team is for overseas requirements that need cleared U.S. personnel. [redacted]

25X1 2. The tiger team may only be used for alterations, renovations, and utilities upgrades which are in support of urgent, critical, operationally related projects. This team will not be used for minor routine maintenance, alterations, or equipment repairs. Team availability will depend upon Headquarters requirements, as the primary duties of Ogden-Allied are the operation and maintenance of the Headquarters Complex. [redacted]

25X1 3. Real Estate and Construction Division (RECD), OL, is the focal point for scheduling this team. Requests for support should be made to the Chief, RECD. These requests should outline the scope of work and the time frame of need. They should also identify funds availability, because all costs incurred for this service, including travel for contractors and the purchase of material, will be the responsibility of the requesting component. [redacted]

25X1 4. Attached is a diagram outlining the Tiger Team's operational procedures, and the responsibilities of the requesting component. [redacted]

25X1 5. For questions concerning Tiger Team support, contact [redacted] of RECD/OL on [redacted]

25X1

John M. Ray
